

July 16th, 2024

Dear ITJ Valle Real Family,

We allow ourselves to send you a cordial greeting and at the same time to notify you of information of your interest. As you know, part of the philosophy of the Thomas Jefferson Valle Real is to create a sustainable culture among all of us who are part of the community. This is why the use of car pools among families and school transportation is encouraged. This allows us to carry out small actions that pollute less, and on the other hand speed up the entry and exit of our students safely.

We share with you the regulations, the responsive letter and the link to access the format in which you can register the information of the car pools for the 2024-2025 school year. You can find these documents on the website at: *Home / See details back to school / round registration.*

To be part of this program it will be necessary to meet the following requirements:

1. Make up the car pool with 2 or more families.
2. Answer the registration form with complete data: complete name of each of the students, including their grade and group. Data of parents that make up the car pool including: complete names, cell phone number and email of each member of the families that make it up.
3. Deliver the responsive letter signed and authorized by each of the tutors who are members of the car pool on Thursday, August 15, from 9:00 a.m. to 14:00 and it will be in turn that they must order at reception. After that day you will have to wait to check available places.
4. If it is a car pool of the previous school year, you should complete the entire process as new, however, you will need to present your previous tarjetón and tag to give them validity for this school year. (same days and hours as in the previous point).

It is important that you take some time to read the car pool regulations, as well as to let you know that there is a limited number of car pools, so preference will be given to car pools with a greater number of families.
